My name is Herb Wade, I live in Marin City. I thank the CDC for another opportunity to do tree work then, I've cut trees for them for the last 15 years. I'll be cutting and hauling and disposing the trees at **\$7,000** including dump fees. There will be two separate checks for the job and **\$14,000** goes to Drew Len who is cutting the trees and chipping with his crew. I work under his license and insurance (license # 889486). I've worked with him for the last 20 years doing various jobs. We will be cutting 18 trees; we will also be cutting and disposing the trees that fell in the storm free of charge.

Thank you again,

Herb Wade & Drew Leh
